

WHAT IS MNGEA?

MNGEA is a Non-profit Professional Organization representing the interests of Enlisted personnel of the Minnesota Army and Air National Guard.

MNGEA is the only Professional Organization that specifically works on behalf of Enlisted Guard Members.

WHAT IS THE PURPOSE OF MNGEA?

To promote and support adequate security for the State of Minnesota and the United States of America.

To foster, improve and advance the status, welfare, and professionalism of the National Guard of the State of Minnesota and the National Guard of the United States.

Support equipment modernization for the Guard through legislation at the state and national levels.

Work for improved benefits for our men and women of the Air and Army Guard.

The Corporate Membership Program is designed to make businesses part of the MNGEA Corporate team. Our goal is to encourage communications between military professionals and the business community, as well as aid in the mutual support of each entity. Your MNGEA Corporate Membership will help us meet one of our most important objectives:

To support the Enlisted members of the Guard who live and work in your community!

Why Corporate Membership?

Corporate membership is a highly effective way to show your support for the Minnesota National Guard and its members. Many times, the National Guard is taken for granted and is underappreciated in its impact in our communities. The men and women of the National Guard live and work in Minnesota, attend our schools,

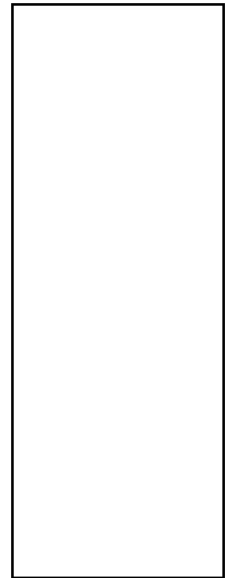

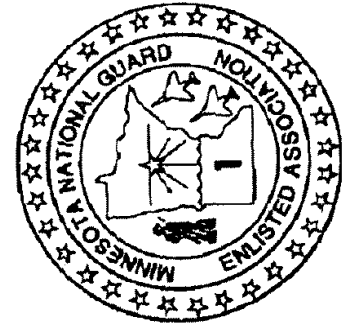

drive our busses or sweep our streets. They may own the business down the street, teach our children, fix our vehicles or work in the local hospital. We may not know who they are, but we know that when they are called upon, they will be on the front-lines, leaving their loved ones behind to accomplish the mission.

The mission of the National Guard used to be one of homeland security, natural disasters or civil unrest. However, we find ourselves being called up daily to take up the operations once reserved for the active duty components of the military. We are fighting in Southwest Asia, taking tours of duty in Bosnia and other areas of the country where called. We are no longer the National Guard of old, the much maligned "weekend warrior." The National Guard of today is combat-ready, mission-ready and fighting along side our active duty counterparts.

Businesses like yours can play a critical role in supporting your National Guard and the security of our state by partnering with the MNGEA through corporate membership.

How will your donations be used?

Scholarship Program Donations-

Scholarships for children, spouses and guard members are awarded each year. The amounts are generally \$500 each. The Auxiliary executive board determines the number of scholarships.

Recognize the contributions of the men and women of the National Guard to their community, state and country with special awards and certificates to be presented at state and national membership conferences.

Bring about public awareness of the National Guard, its members and its importance to the civilian community. Stimulate and maintain public awareness of the responsibilities of each American citizen.

Promote patriotism and pride in America by way of posters and pamphlets.

Continue to ensure the viability of this organization for generations to come.
